ABOUT KELLY'S HEROES

Kelly's Heroes is an East Windsor, N.J.- based 501(c)3 inspired by Steve Kelly, one of 42,000 people who die of pancreatic cancer in the United States each year. It's the third-leading cause of cancer death, with a five-year survival rate of just 13%, the lowest of all major cancers. That's why we're here – demanding better for those who face a pancreatic cancer diagnosis.

Our fund-raising events support research, awareness-building and greater access to clinical trials that provide more options – and hope – for pancreatic cancer patients.

Kelly's Heroes is a proud member of the World Pancreatic Cancer Coalition, a global partnership of nonprofit patient advocacy groups.
